

*Returning to school...*

The world changed a little so we acted together...

...though we had to stay home,  
we knew it wasn't forever.

*We still learnt, laughed and had fun...*

*...and staying at home helped everyone.*

*It's time to go back to school.*

My brothers or sisters may  
still be learning from home...

...but that's ok, they will  
come back to school soon.

*My parents will have to wait at the gate.*

*I will be glad as a friendly face will greet me,  
so it won't be so bad.*

Teachers wear face masks to protect me and you.

Some students will be wearing them too.

There are only some parts of the  
playground that I can use.

The teachers will show me, so I won't get confused.

Let's wash our hands  
often and use plenty  
of soap because on  
squeaky clean hands  
the virus can't cope.

Cough into your elbow and sneeze into a tissue, then throw it away and it won't be an issue.

If you get sick, find an adult to tell. We want to make sure everybody is well.

*These times are tough,  
you might be worried and  
scared, but those feelings  
are normal and better  
when shared.*
